THE STORY SO FAR...

A SUPERSONIC QUEST

The evil Dr. Eggman is scouring the **Eastwatch Islands** for the seven relics called the "**Ancient Gears**"! With them he can power his latest weapon of destruction, the **Mega Drive**!

Unfortunately for him—but thankfully for the rest of us—**Sonic** learned of his dastardly plan and took action!

Along the way he met and rescued **Tails** and **Amy Rose**—and helped **Knuckles** to realize he'd been duped by Dr. Eggman once again.

Now all four high-speed heroes are racing across the zones of the Eastwatch Islands, searching for more Ancient Gears!

CREATIVE TEAM GOT THROUGH ACT TWO!

Welcome, Sonic fans! How'd you like that for a follow-up? Ian, Tyson, Matt and Jack gave it their all to take us to the next level for this story and I truly believe they hit a grand slam! Beautiful work, guys!

From the beginning, I knew Mega Drive was going to be something special. It's so rewarding to see how many fans, new and old, enjoyed the first issue and thanks to that great response, we were able to continue this journey with even more action, adventure and, most importantly, fun!

From the bottom of my heart and on behalf of the staff here at Archie, thank you for joining us on this journey. We take chances every day and there's no telling how things will end up. But if the initial step is never taken, you'll never know what could have been. I'm so glad that we took this chance and that this team was given the opportunity once more to show you all what they can do!

Finally, a major shout out to our friends at SEGA who have been super supportive of the Mega Drive project. It's a pleasure to work with you all and I can't wait to do even more!

With that, I hope everyone enjoyed *The Next Level*! Onward to victory!
